••••• **SUPREME**

Your smile says more about you than any other physical feature. You can affordably improve the appearance of your smile with tooth whitening, but with so many options available, **how do you choose the right one?**

Start by asking your dentist about Opalescence Trèswhite Supreme.

Safe and effective, Opalescence Trèswhite Supreme whitens teeth while helping to prevent cavities, reduce sensitivity, and improve enamel health. Opalescence Trèswhite Supreme is only available through your dentist.

Opalescence Trèswhite Supreme features two formulations: 10% and 15% hydrogen peroxide.

Wear Opalescence Trèswhite Supreme 10% for 30-60 minutes once a day. Wear Opalescence Trèswhite Supreme 15% for just 15-20 minutes once a day.

### Très Simple

Simply insert Opalescence Trèswhite Supreme's innovative preloaded whitening trays into your mouth; the thin membrane comfortably adheres to your teeth and remains securely in place.

### Très Fast

Opalescence Trèswhite Supreme is a powerful whitening take-home product. Some users see results in just one day, though optimal whiteness usually takes about a week.

### Très Tasty

Opalescence Trèswhite Supreme is available in tasty mint, melon and peach flavors. Opalescence Trèswhite Supreme 15% is available in mint. With flavors like these, the process of whitening your teeth is almost as enjoyable as the results.
